

**DWG #** EH-2  
**DESC** EH-2 Baci Basic tilt\swivel rectangle  
**CONFIG** Default  
**Inventory #**

Top view

The center of the mirror is directly over the the center of the outlet box.  
Since the typical user's eye height is 58 3/4"  
the outlet box should be centered 58 3/4" above the floor,  
The mirror swivels up and down and right and left,  
so it allows for variables in height and position.
